

“Reflections for a new millennium”

Installation Instructions for “METRO” SINGLE DOOR CABINETS”

Dear AFINA Customer:

We appreciate your purchase of our AFINA “METRO” Bath Cabinet, and would like to provide you with the following helpful hints.

- For protection in shipping, the **GLASS SHELVES & SHELF PINS** for your cabinet have been neatly placed on the outside of the cabinet body. Remove at once!
- It is important to make sure the cabinet body is level and plumb upon installation. Use a leveling instrument to ensure accuracy, or the door may not close and/or secure itself properly.
- You can hang your new cabinet hinge left or hinge right just by turning the cabinet over.
- When **RECESSING** the cabinet, use the two pre-drilled holes on each side of the cabinet interior (top and bottom). Make sure the cabinet is level and plumb before securing into framing studs.
- When **SURFACE MOUNTING** – **See separate SURFACE MOUNTING INSTRUCTIONS** with your “**OPTIONAL**” surface mount kit.
- When cleaning your new Afina cabinet, we recommend a mild cleanser, applied first to a rag or paper towel. Do not spray directly on to the mirror or frame.

We are confident your AFINA cabinet will reflect the quality and prestige you wish to convey in your home or business environment.

Thank you for purchasing AFINA products.
